Regulations Adopted by FWP Commission

These regulations are adopted under the authority granted to the Fish, Wildlife & Parks Commission (FWPC) in MCA 87-1-301 and are valid March 1, 2010, through April 14, 2011. These regulations were adopted by the FWPC on June 10, 2010. The FWPC reserves the authority to amend the seasons, limits and regulations herein if deemed necessary for wildlife management purposes. Joe Maurier, Director.

State and Federal laws, Title VI of Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and Title IX of the Education Amendments of 1972, prohibit discrimination on the basis of race, color, sex, age, religion, national origin, or disability. Anyone believing he or she has been discriminated against (as described above) in any Fish, Wildlife & Parks (FWP) program, activity, or facility may write to FWP Personnel Office, 1420 East Sixth Avenue, PO Box 200701, Helena, MT 59620-0701 or the office of Equal Opportunity, U.S. Department of the Interior, Washington, D.C. 20240.

What's New & Reminders

What's New

- Archery Only Season for Mountain Lion.
- Boundary change in HD group 390/391/392 - split this HD group into two HD groups - HDs 390/391 and HD 392.
- Quota changes in HDs 121, 130, 200/201, 202/203, 204/260/261, 210, 211/216, 212/215, 213/214, 240, 250, 270, 280/281/284/293, 283/285, 290/291/292/298, 391/341, 331, 340, 413/432, 416/446/449/452/454, 418/420/448, 520, 540, 560/Region 6 except HD 680/690.
- New opportunities for youth 11 years of age but who will reach 12 years of age by January 16, 2011. See Youth Hunting Opportunities.

Reminders

- A general mountain lion license purchased after August 31 may not be used until five days after the license is issued AND the license may be purchased only at an FWP office.
- Apply online for special mountain lion license drawing. Deadline to apply is August 31. Mountain lion hunting in most of Region 1 and Region 2 hunting districts will be only by special mountain lion licenses.
- Hunters may purchase a general mountain lion license OR apply for a special mountain lion license. A hunter cannot do both.

Licensing – Residency

It is illegal to swear to or to affirm a false statement in order to obtain an original or duplicate resident hunting and/or fishing license OR to assist an unqualified applicant in obtaining a resident license.

Resident

- To be a legal Montana resident and eligible to purchase any Montana resident fishing, hunting, and trapping licenses, as per MCA 87-2-102, you must:
  - claim Montana as your principal or primary home or place of abode.
  - have been physically living in Montana for at least 180 consecutive days immediately prior to purchasing a resident license;
  - register your vehicle(s) in Montana;
  - be registered to vote in Montana if you're registered to vote at all;
  - not possess current (or have applied for any) resident hunting, fishing, or trapping privileges in another state or country;
  - file Montana state income tax returns as a resident, if you are required to file.
- Once you have established your residency, you must continue to meet all these requirements and physically reside in Montana as your principal or primary place of abode for not less than 120 days per year (days need not be consecutive).
- To purchase an annual resident conservation license you will be required to show a valid Montana Driver's License (MDL), a valid Montana Identification Card (MIC) or a valid Tribal Identification Card.
- If your MDL or MIC has been issued for less than six months, you may be required to show additional proof of residency. An out-of-state driver's license is NOT an acceptable form of ID for resident license purchases. Contact your local FWP office for specifics.
- A person is NOT considered a resident for the purposes of this section if the person claims residence in any other state or country for any purpose.

Licensing – General Information and Procedures

- A hunter may purchase a general mountain lion license OR apply for a special mountain lion license by August 31. A hunter cannot do both.
- In Region 1, the following districts are quota-based for both residents and nonresidents: 132, 140, 141, 150, 151, and 170 (170 has an unlimited quota).
- In Region 1, resident mountain lion hunting will be only by special mountain lion license in most districts with nonresidents limited to, but not guaranteed, 10 percent of the special mountain lion licenses available in the following mountain lion districts: 100, 101, 102, 103, 104, 109, 110, 120, 121, 122, 123, 124, and 130.
- In most of Region 2, resident mountain lion hunting will be only by special mountain lion license with nonresidents limited to, but not guaranteed, 10 percent of the special mountain lion licenses available.

- In the Missoula Special Management Area* within Region 2:
  - resident mountain lion hunting only by general license under a harvest quota. Exception: special mountain lion license holders may hunt mountain lion in the Missoula Special Management Area during the Archery Only and Fall mountain lion seasons.
  - nonresident mountain lion hunting only by special mountain lion license and limited to 10 percent of the district quota.
- In Region 3, 4, 5, 6 and 7, all hunting districts are quota-based for residents and nonresidents.
- Unsuccessful resident applicants for special mountain lion licenses may purchase a Resident Hound Training License to only chase during the hound training season December 2 - April 14 in any valid district statewide.

*Missoula Special Management Area – the Rattlesnake portion has special rules available from FWP Missoula office by calling 406-542-5500.

General Mountain Lion License
- A general mountain lion license is available at all Fish, Wildlife & Parks offices, FWP license providers, or online at fwp.mt.gov. Nonresident applications are available at all FWP regional and area offices or may be downloaded from the FWP Web site at fwp.mt.gov.
- A general mountain lion license purchased after August 31 may not be used until five days after the license is issued AND the license may be purchased only at an FWP office.
- A general mountain lion license is valid in all hunting districts with a harvest quota.

Special Mountain Lion License
- A limited number of special mountain lion licenses are available only through a special drawing. Apply by August 31.
- Applicants must possess a current year conservation license to apply for a special mountain lion license.
- Bonus points will be offered for special mountain lion license applications.
- Nonresidents are limited to no more than 10% of the special mountain lion licenses offered.
- A special mountain lion license may be applied for:
  - online at fwp.mt.gov no later than 11:45 p.m. MDT on August 31, OR
  - over-the-counter at any FWP regional office, FWP area office, and/or the Helena Headquarters no later than 5 p.m. MDT August 31, OR
  - by mail. Mailed applications must include the $5 nonrefundable drawing fee and must be received by FWP Helena Headquarters no later than 5 p.m. MDT August 31. Applications are available at all FWP regional and area offices or may be downloaded from the FWP Web site at fwp.mt.gov.
- Drawing results will be available during or after the third week of September.
- Successful special mountain lion license applicants will be notified by mail and must purchase a mountain lion license no later than February 28, 2011.
- During the archery only and fall seasons, a special mountain lion license may be used in any hunting district.
- During the winter season, a special mountain lion license may be used only in a specific hunting district, portion of the hunting district, or a group of hunting districts for which the special mountain lion license is valid.
- Unsuccessful applicants for a special mountain lion license will NOT be eligible to purchase a general mountain lion license.
- Unsuccessful resident applicants for special mountain lion licenses may purchase a Resident Hound Training License to only chase mountain lion and/or bobcat during the hound training season in any valid mountain lion hunting district statewide December 2 – April 14.

Mountain Lion Trophy License

Successful hunters are required to purchase a mountain lion trophy license after they have harvested a mountain lion.

Resident Hound Training License (RHTL)
- Available to resident conservation license holders.
- Entitles the license holder to use a dog or dogs to aid in chasing mountain lions and/or bobcat in all valid mountain lion hunting districts in the state, except HD 282 and 309, during the hound training season from December 2 – April 14 of the following year per MCA 87-2-521.
- A person may not kill a mountain lion or bobcat with only an RHTL. To kill a mountain lion, you must hold a mountain lion license. To kill a bobcat, you must hold a furbearer license validated by November 30 for bobcat.
- A resident hunter with a valid mountain lion license is not required to have a resident hound training license to chase mountain lion.

State School Trust Lands Recreational Use License

The Conservation License allows hunters, anglers and trappers access to all legally accessible state school trust lands.

SuperTag Lottery for Mountain Lion
- Resident and nonresident hunters can buy an unlimited number of $5 chances per species by July 29th to win a Montana hunting license for a mountain lion as well as antelope, bison, deer, and elk.
- Each SuperTag license allows one to hunt in any Montana hunting district valid for that species.
- Chances are sold electronically at all FWP License Providers or via fwp.mt.gov/online services.
- Proceeds from the sale of SuperTag chances will enhance public hunting access and boost FWP enforcement efforts.
- For more information visit FWP's Web site at fwp.mt.gov.

Interstate Wildlife Violator Compact

Montana is a member of the Interstate Wildlife Violator Compact. Under the compact, member states recognize suspensions of hunting, fishing or trapping privileges. It is illegal for a violator whose privilege to hunt, fish or trap is suspended to obtain or attempt to obtain a license, tag or permit in a member state. For more information, call 406-444-2452.

Youth Hunting Opportunities

- A resident or nonresident youth 11 years of age is entitled to purchase a mountain lion license. Proof of hunter education must be presented at the time of purchase.
- A resident or nonresident youth who will reach 12 years of age by January 16, 2011 may hunt any game species, for which their license is valid, after August 15 , 2010.

Hunter Education Requirements

Hunter Education for Firearm and Archery
- If you were born after January 1, 1985, you are required to show proof of completing a Montana hunter safety and education course (or an approved hunter safety course from any other state or province) prior to applying for or purchasing a hunting license, whether the hunting license is for the rifle or archery season.
- Montana law requires members of the armed forces and their dependents stationed in Montana to present a Montana hunter education certificate or similar certificate from any state or province when purchasing any Montana hunting license.
- Duplicates – Montana certificates of completion for the Montana hunter education and/or bowhunter education courses may be obtained from FWP's Web site.

Bowhunter Education Requirements
- To purchase a Montana bow and arrow license, a hunter must:
  - provide a certificate of completing the National Bowhunter Education Foundation course, or
  - provide any prior year's bowhunting/archery stamp, tag, permit, or license from any state or province. If you can no longer produce this license, for a $5 fee you may sign an affidavit stating that you previously held such a license. The affidavit is available at all FWP License Providers. The affidavit entitles you to purchase a current year's Montana bow and arrow license.

Definitions

Chase – To go after or on the track of.

Hunting District – Represents a hunting district OR group of hunting districts as specified under "Mountain Lion Hunting District Regulations".

Legal Mountain Lion – Any mountain lion not accompanied by kittens with spots. No mountain lion with body spots shall be killed.

Legal Male Mountain Lion – Any male mountain lion without body spots.

Open Hunting District – A valid hunting district not closed to harvest.

Valid Hunting District – A legally defined hunting district with a general mountain lion license harvest quota or special mountain lion license quota.

Valid License – A current license-year license. A valid license may be used to chase after harvesting a mountain lion.

Hunter Access

Private Land Access

- Montana law requires hunters to have the permission of the landowner, lessee, or their agent before hunting on private property, regardless of whether the land is posted or not. Access courtesy cards and a map directory pamphlet are available at all FWP offices.
- Permission is required to release dogs or chase mountain lions and bobcats on private land.

Public Land Access

- Big game hunting between the ordinary high water marks of streams and rivers is illegal without landowner permission. Landowner permission must be obtained to hunt private lands adjacent to waterways.
- FWP is working cooperatively with other agencies to improve signing of legally accessible public lands wherever possible. A map directory pamphlet is available at all FWP offices.
- Enforcement of Area Closures on Public Land: All federally approved travel plans on public lands in Montana are hereby adopted by the Fish, Wildlife & Parks Commission. Motorized travel in restricted areas in violation of any current travel plan or land use plan is prohibited during the hunting season.

State School Trust Lands

- Overnight (2 night) camping is allowed within 200 feet of a legal access point.
- Horses may not be kept on state land overnight.
- Motorized travel is only allowed on public roads or on designated roads.
- Game retrieval is by foot or horse only.
- No open fires are allowed except in designated campground fire pits.
- Firearms may not be discharged within one-quarter mile of an inhabited dwelling or outbuilding without permission of the inhabitant.
- Additional information is available from FWP or contact DNRC at 406-444-2074.

State Wildlife Management Areas (WMA)

- Wildlife Management Areas are generally open to hunting during the fall mountain lion season. WMAs with big game winter range are closed to public entry, unless otherwise posted, from the day following the end of the general deer-elk season or December 1, whichever is later, to May 15 each year, as posted.
- Exception: Blackfoot-Clearwater WMA closes November 10; Kootenai Falls WMA is open year long; Porcupine (Gallatin), Dome Mountain, Bear Creek and Wall Creek WMAs open May 1.

Closed Lands

State Game Preserves, National Parks, and National Wildlife Refuges are closed to mountain lion hunting. For additional information on state and federal regulations, contact the local land manager.

Hunters with a Disability

If you or someone you know has a disability and/or is aging, and is in need of assistive technology (AT) or adaptive equipment to help you participate in outdoor recreation, please contact MonTECH at the University of Montana Rural Institute at 634 Eddy Ave., CHC-009; Missoula, MT 59812; 877-243-5511.

Means and Methods of Hunting

As a big game animal, mountain lions may only be taken by hunting (firearms or archery).

Firearms

General Season

- There is no rifle or handgun caliber limitation for the taking of big game animals.
- Muzzleloaders, shotguns with 0, 00, or slugs, archery equipment, and crossbows are legal.
- The possession of firearms with silencers while afield is illegal.

Archery Equipment

Archery Only Season and in archery equipment only areas.

- It is unlawful to use any chemical or explosive device attached to an arrow to aid in the taking of wildlife.
- Lawful Archery Equipment: It is illegal to possess, while hunting big game during any archery only season and in archery equipment only areas, archery equipment that does not meet the following criteria.
- Hunting Bow: A hunting bow for big game shall be a longbow, flatbow, recurve bow, compound bow, or any combination of these designs
- The bow must be a device for launching an arrow, which derives its propulsive energy solely from the bending and recovery of two limbs (includes bows with split limbs).
- The bow must be hand drawn by a single and direct uninterrupted pulling action of the shooter.
- The bow must be hand-held. One hand shall hold the bow and the other hand draw the bowstring. Exception: Physically disabled bowhunters certified by FWP with the Permit To Modify Archery Equipment (PMAE) are exempted from the requirement of holding or shooting the bow with their hands.
- A bow is considered legal if not shorter than 28 inches total length.
- The nominal percent of let-off for hunting bows shall be a maximum of 80 percent.
- Arrow: An arrow is a projectile at least 20 inches in overall length. The length of the arrow is measured from the rearward point of the nock to the tip of the broadhead.
- A broadhead is mounted on the fore end.
- The arrow shall weigh no less than 300 grains with the broadhead attached.
- Arrows must have broadheads with at least two cutting edges. Expandable broadheads are legal as long as when expanded they are at least 7/8 inches at the widest point, and weigh no less than 70 grains.
- <u>The following are not considered a hunting bow or legal archery equipment during the Archery Only Season or in an ArchEquip Only area or hunting district:</u>
  - Crossbow.
  - Any device with a gun-type stock or incorporating any device or mechanism that holds the bowstring at partial or full draw without the shooter's muscle power.
  - Any bow for which a portion of the bow's riser (handle) or any track, trough, channel, or other device that attaches directly to the bow's riser contacts, supports, and/or guides the arrow from a point rearward of the bow's brace height. This is not intended to restrict the use of standard overdraw systems.

- Electronic or battery-powered devices attached to a hunting bow.
- A bow sight or arrow which uses artificial light, luminous chemicals such as tritium, or electronics.

Prohibited Methods of Taking
- It is illegal to interfere/hinder with the lawful taking of a game animal.
- It is illegal for anyone to hunt or attempt to hunt any game animal or game bird:
- from any self propelled (that is, motorized) or drawn vehicle. Even if the vehicle is not moving, hunters must be off or out of the vehicle. Holders of the Permit To Hunt From A Vehicle are the exception to this;
- from, on or across any public highway or the shoulder, berm, barrow pit or right-of-way of any public highway (the entire width between the boundary lines of every publicly maintained way when any part thereof is open to the use of the public for purposes of vehicular travel, in the State of Montana, MCA 61-1-202);
- by the aid or with the use of any set gun, jacklight, spotlight or other artificial light, trap, snare, salt lick, or bait, MCA 87-3-101. Baiting shall mean the placing, exposing, depositing, distributing, or scattering of corn, wheat, or other grain or food sources so as to constitute a lure or attraction.
- Hunters may not use a motorized vehicle or aircraft to concentrate, drive, rally, stir-up, corral or harass wildlife except predators.
- In order to carry or use a firearm for any reason, a youth under 14 years of age must be accompanied by a person having charge or custody of the child, or be under the supervision of a qualified firearms safety instructor or an adult 18 years of age or older who has been authorized by the youth's parent or guardian, MCA 45-8-344.

General Regulations

It is illegal to
- "Party" hunt. Each hunter must shoot and tag his/her own animal.
- Loan or transfer their license to another person or use a license issued to another person.
- Carry or have physical control over a valid and unused hunting license or permit issued to another person while in any location where the species to be hunted occurs. Exception: a person may carry or have control over a license or permit issued to that person's spouse or any minor when the spouse or minor is hunting with that person.
- Alter a license or permit for any reason.
- Post state or federal land other than that done by a state or federal land agency.

Airplane Spotting

Aircraft may not be used to locate big game animals for the purpose of: 1) hunting those animals within the same hunting day after a person has been airborne; or 2) providing information to another person for the purpose of hunting those animals within the same hunting day after being airborne. A hunting day is defined as between the earliest and latest legal hunting hours.

Bobcat and Lynx

Nonresidents may not take bobcats. Lynx are listed as a federally threatened species and there is no open season. It is a violation of both state and federal law to knowingly chase lynx with dogs.

Check Stations

All hunters are required to stop as directed at all designated check stations on their way to and from hunting and fishing areas, even if they have no game or fish to be checked.

Hunting Hours

Authorized hunting hours for the taking of big game animals begin one-half hour before sunrise and end one-half hour after sunset each day of the hunting season. See official sunrise-sunset tables in these regulations.

Hunter Orange
- Firearm Hunters
  - Any person hunting or accompanying a hunter as an outfitter or guide must wear a minimum of 400 square inches of hunter orange (fluorescent) material above the waist, visible at all times.
- Archery Hunters
  - A licensed bowhunter pursuing mountain lion during the Archery Only Season or in archery only hunting district is not required to meet the hunter orange requirement even if there is a concurrent firearm season in that hunting district or portion of district. However, bowhunters hunting during any portion of the general season (firearm) for mountain lion must always wear a minimum of 400 square inches of hunter orange (fluorescent) above the waist, visible at all times.

Inspection of Wildlife

Wildlife taken must be shown to FWP enforcement for inspection when requested.

License Possession
- Licenses must be carried on your person at all times while in the field hunting.
- Licenses must be produced if requested by FWP Enforcement personnel.

Limits and Seasons:
- A hunter may legally harvest/take one mountain lion per license year.

Motion-Tracking or Camera Devices

It is illegal for a person to possess or use in the field any electronic or camera device whose purpose is to scout the location of game animals or relay the information on a game animal's location or movement during any Commission-adopted hunting season.

Night Vision Equipment

It is illegal to use night vision equipment or electronically enhanced light gathering optics for locating or hunting game.

Possession and Sale of Wildlife Parts
- It is illegal to sell or purchase any part of a mountain lion except as allowed by the laws of Montana.
- The sale or purchase of hides, heads or mounts of lawfully killed mountain lion is legal.

Recorded Animal Sounds

It is illegal to use any recorded or electrically amplified bird or animal calls or sounds or imitations of bird or animal calls or sounds to assist in the hunting, taking killing or capturing of any wildlife except predatory animals, MCA 87-3-108.

Silencers

The possession of firearms with silencers while afield is illegal.

Simulated Wildlife

It is illegal to discharge a firearm or other hunting implement at a simulated wildlife decoy in violation of any state statute or FWP commission rule regulating the hunting of the wildlife being simulated.

Transport of Big Game
- If you are transporting wildlife and/or fish including live animals, sport-taken game, parts and/or products between Montana and Canada OR between the US and any foreign country, whether for commercial or non-commercial purposes, you must complete a US Fish & Wildlife Service (USFWS) Declaration form (Form 3-177). Form 3-177 is also available at all US Custom Ports and on the USFWS web site at www.fws.gov. Additional federal permits may also be needed to import/export wildlife, depending on the species. For further information contact the USFWS Wildlife Inspector at 406-582-0336, Bozeman or 406-329-3000, Missoula.
- A US Convention on International Trade in Endangered Species (CITES) export permit is needed to export bear parts and/or products from the US.

Two-way Communications

It is unlawful to use two-way communications to: 1) hunt big game animals as defined in MCA 87-2-101(8). "Hunt" means to "pursue, shoot, wound, kill, chase, lure, possess or capture"; or 2) avoid game checking stations, FWP enforcement personnel, or to facilitate unlawful activity. When hunting mountain lions or bobcats with dogs, this rule applies when hounds are placed on tracks in a district open to mountain lion or bobcat harvest. The rule shall not be interpreted to prohibit the possession or use of two-way radios for safety or other legitimate purposes, nor does it prohibit the use of radio tracking equipment to locate hounds when hunting mountain lions or bobcats.

Waste of Game

Mountain lion is excluded from being considered as "suitable for food" under big game regulations. A person that harvests a mountain lion must possess the head and hide, with evidence of sex naturally attached. The remaining carcass may be taken in possession or be left in the field.

Common Sense Precautions When Field-Dressing Big Game

- To minimize risk of disease or parasite transmission to humans, follow these proper ways to handle wild meat:
- Wear rubber (latex) gloves when field dressing game.
- Minimize contact with animal fluids, brain and spinal tissues.
- Wash hands and instruments thoroughly after field dressing or processing.
- Cook all meat until well done before consuming.
- To minimize risk of disease or parasite transmission to your domestic dog, prevent consumption of big game viscera.

Mountain Lion Hunting Seasons

Archery Only Season Without Dogs – September 4 - October 17, 2010.

- Resident and nonresident hunters with either a general mountain lion license OR a special mountain lion license may harvest any legal lion in any open district statewide during the archery only season.
- A bow and arrow license, plus the proper hunting license is required during mountain lion Archery Only Season or to archery hunt mountain lion in an Arch-Equip only area or hunting district.
- Use of dogs is prohibited during the archery only season.
- The archery only season for mountain lion will close:
  - with the end of the archery only season or,
  - earlier upon reaching 20 percent of a district total quota or 20 percent of special mountain lion licenses, or
  - when one mountain lion is taken in those districts with a total harvest quota of less than five mountain lions or less than five special mountain lion licenses.
- In general license areas, the archery only season harvest will be deducted from the fall season district quota and subquota.
- In special mountain lion license areas, the archery only season female mountain lion harvest will be deducted from the fall season female mountain lion subquota. Once you get a special lion license the archery only season harvest can't prohibit you from using it in the winter season, with the one exception of female subquotas.
- Reporting requirements are listed under "Procedures to Follow Upon Harvesting a Mountain Lion".
- Female mountain lions with kittens may not be taken.
  - If a lactating female is killed, the hunter must inform an FWP official as soon as possible.
- No mountain lion with body spots shall be killed.

Fall Season Without Dogs – October 23 - November 28, 2010

- Resident and nonresident hunters with either a general mountain lion license OR a special mountain lion license may harvest any legal lion in any open district statewide during the fall season.
- Use of dogs is prohibited during the fall season.
- The fall mountain lion season will close:
  - with the end of the general deer/elk season or,
  - earlier upon reaching 20 percent of a district total quota or 20 percent of special mountain lion licenses, or
  - when one mountain lion is taken in those districts with a total harvest quota of less than five mountain lions or less than five special mountain lion licenses.
- In general license areas, the fall season harvest will be deducted from the winter season district quota and subquota.
- In special mountain lion license areas, the fall season female mountain lion harvest will be deducted from the winter season female mountain lion subquota. Once you get a special lion license the fall harvest can't prohibit you from using it in the winter season, with the one exception of female subquotas.
- Reporting requirements are listed under "Procedures to Follow Upon Harvesting a Mountain Lion".
- Female mountain lions with kittens may not be taken.
  - If a lactating female is killed, the hunter must inform an FWP official as soon after the kill as possible.
- No mountain lion with body spots shall be killed.

Winter Season – December 1, 2010 - April 14, 2011

- When the female subquota is reached in a hunting district, only legal male mountain lions may be harvested under the remaining harvest quota or with a special mountain lion license.
- General mountain lion license holders may harvest a mountain lion in any open general mountain lion license hunting district during the winter season.
- Special mountain lion license holders may harvest a mountain lion only in the hunting district, portion of the district, or group of districts for which the special mountain lion license is valid during the winter season.
- Female mountain lions with kittens may not be taken.
  - If a lactating female is killed, the hunter must inform an FWP official as soon after the kill as possible.
- No mountain lion with body spots shall be killed.

Winter Season General License Harvest Quotas

- Mountain lion quotas fill quickly in some hunting districts so hunters should check harvest closure information frequently.
- When the subquota is reached in a hunting district, the mountain lion season for that subquota in that hunting district will close upon 24-hours notice, but no later than April 14.
- When the total quota is reached in a hunting district, the mountain lion season in that hunting district will close upon 24-hours notice to the harvest of all mountain lions, but no later than April 14.
- The Fish, Wildlife & Parks Commission has authorized the department to initiate closure prior to reaching the total quota or subquota when conditions or circumstances indicate the total quota or subquota may be reached within the 24-hours closure notice period.

Hound Training Season – December 2, 2010 - April 14, 2011

- A hunter with a valid general mountain lion license, special mountain lion license, or resident hound training license may legally chase mountain lions in any valid hunting district statewide December 2 - April 14.

Procedures to Follow After Harvesting an Animal

Harvest Limit

- A hunter may take one legal mountain lion.

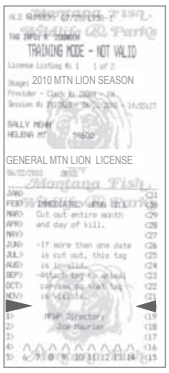
Evidence Required of Game Animal's Sex and Species

- It is illegal to possess or transport the carcass of any big game animal unless evidence of the animal's sex and species remains naturally attached to its carcass or a portion of the carcass.
- Evidence of sex must remain naturally attached to the hide. The following are considered lawful evidence of sex: males: testicles or baculum; females: vulva.

License Validation and Tagging

- Immediately after killing a game animal, a hunter must cut out the proper month and day of the kill from the appropriate license and attach it to the animal in a secure and visible manner.

- To properly validate a license (sometimes referred to as a tag):
  - the triangles denoting the month and day the animal was killed must be completely removed. Tearing, slicing or punching the tag is not legal.
- The properly validated license must remain with the skull and hide until presented for trophying.



Mandatory Reporting Requirements

- Hunters must personally report their mountain lion kill within 12 hours by calling the mountain lion reporting line at 1-877-FWP-WILD (1-877-397-9453).
- Within ten (10) days of harvesting a mountain lion, the successful hunter must personally present the hide and skull to an officer of FWP residing in the administrative region in which the license was filled, for the purpose of:
  - inspection and registration of kill.
  - verify evidence of sex.
  - removal of a tooth for aging purposes.
  - issuance and attachment of a hide tag. The hide tag must thereafter remain attached to the hide until tanned.
  - issuance of a trophy license, which costs $50.
  - hunters unable to comply with the tagging and trophying requirements due to special or unique circumstances, must contact the administrative region in which the mountain lion was killed and receive authority for tagging and trophying outside the region in which the animal was taken.

Harvest Reporting and Status/Closure Information

- To report a harvest, call 1-877-FWP-WILD (1-877-397-9453).
- Harvest status/closure may be obtained:
  - by calling 1-800-385-7826 for statewide information or,
  - by checking the FWP Web site at fwp.mt.gov available 24-hours a day.
- The toll-free line and FWP Web site are updated daily by 1 p.m. MST.

Use of Dogs

- A hunter with a valid general mountain lion license may legally harvest a mountain lion with dogs in any open general license hunting district during the winter season.
- A hunter with a valid special mountain lion license may legally harvest a mountain lion with dogs only in the hunting district for which the special mountain lion license is valid during the winter season. Exceptions: hunting districts 150 & 151 are open to the use of dogs September 15 - April 14.
- A hunter with a valid mountain lion license may legally chase mountain lions in any valid hunting district statewide December 1 - April 14. Exceptions: hunting districts 150 & 151 are open to the use of dogs September 15 - April 14.
- A hunter with a valid resident hound training license may legally chase mountain lions in any valid hunting district statewide December 2 - April 14. A person may not kill a mountain lion or bobcat with a resident hound training license.
- Authorized mountain lion hunting and chasing hours begin one-half hour before sunrise and end one-half hour after sunset for the dates listed by hunting district.
- Authorized bobcat hunting begins one-half hour before sunrise and ends one-half hour after sunset. Authorized bobcat chasing begins one-half hour before sunrise and ends one-half hour after sunset in the hunting districts where mountain lion season is open. Bobcat chasing is open from two hours before sunrise to one-half hour after sunset in the hunting districts where the mountain lion season is closed.
- Nonresidents may not hunt or chase bobcat. Residents must possess a valid trapper's license to hunt and chase bobcat or an RHTL to chase bobcats.
- Permission is required to release dogs or chase mountain lions on private land.
- It is prohibited for a dog owner or mountain lion hunter to release dogs on a mountain lion track, or allow dogs to chase a mountain lion, or hold a mountain lion at bay during any period of the day or year when the season is not open to hunting or chasing mountain lions. Legitimate attempts to retrieve loose dogs after legal hunting hours does not constitute a violation of this rule.
- Persons handling dogs in the field are required to:
  - have a valid general mountain lion license if hunting or chasing; or
  - have a valid special mountain lion license if hunting or chasing; or
  - have a Resident Hound Training License to only chase.
- Outfitters and guides will be eligible to handle hounds with only a valid conservation license and a valid Montana outfitter or guide license in their possession. Guides will also be required to provide the license number of the outfitter on whose license they are guiding if required to do so by an FWP employee.

How The Quota System Works

Using HD 200 & 201 as an example...

---------- HD 200 & 201* ----------

Special Lion License. Drawing only. Apply by Aug 31.

200-00: 12 licenses. Any Legal mountain lion. Female subquota = 2.

- Sep 04 - Oct 17 – Archery Only Season.
- Oct 23 - Nov 28 – Fall Season Without Dogs.
- Dec 01 - Apr 14 – Winter Season.

* Except Missoula Special Management Area.

- During the Archery Only or Fall Season Without Dogs, hunting is allowed with either a general mountain lion license OR a special mountain lion license.
- Up to 20% of the total number of special licenses or total harvest quota may be taken with a general mountain lion license during the Archery Only or Fall Season Without Dogs.
  - For this example, a total of 2 any legal mountain lion (20% x 12 licenses = 2.4 rounded down) may be taken in combined total, during either the Archery Only Season and/or the Fall Season Without Dogs.
- If you hold a "special lion license" for HD 200 & 201:
  - when hunting within HD 200 & 201, you are NOT limited to a 20% harvest closure during the Archery Only and/or Fall Season Without Dogs.
  - when hunting outside HD 200 & 201, you are limited to the 20% harvest quota closure during the Archery Only and Fall Season Without Dogs.
- Any female mountain lion taken during the Archery Only Season and the Fall Season Without Dogs will count against the female subquota.
  - For this example, if two females are taken during these seasons, the female subquota will close and the Winter Season will be open to only legal male mountain lions.
- Any lion taken during the Archery Only Season and the Fall Season Without Dogs will count against the harvest quotas in general license areas.

The *Mountain Lion Identification Program* is a voluntary training program available to anyone who is interested in mountain lion ecology and/or who wants to hunt mountain lions.

The course:

- presents information about mountain lion biology;
- explains how to determine the gender of a mountain lion; and
- presents some of Montana's laws and regulations pertaining to mountain lion hunting.

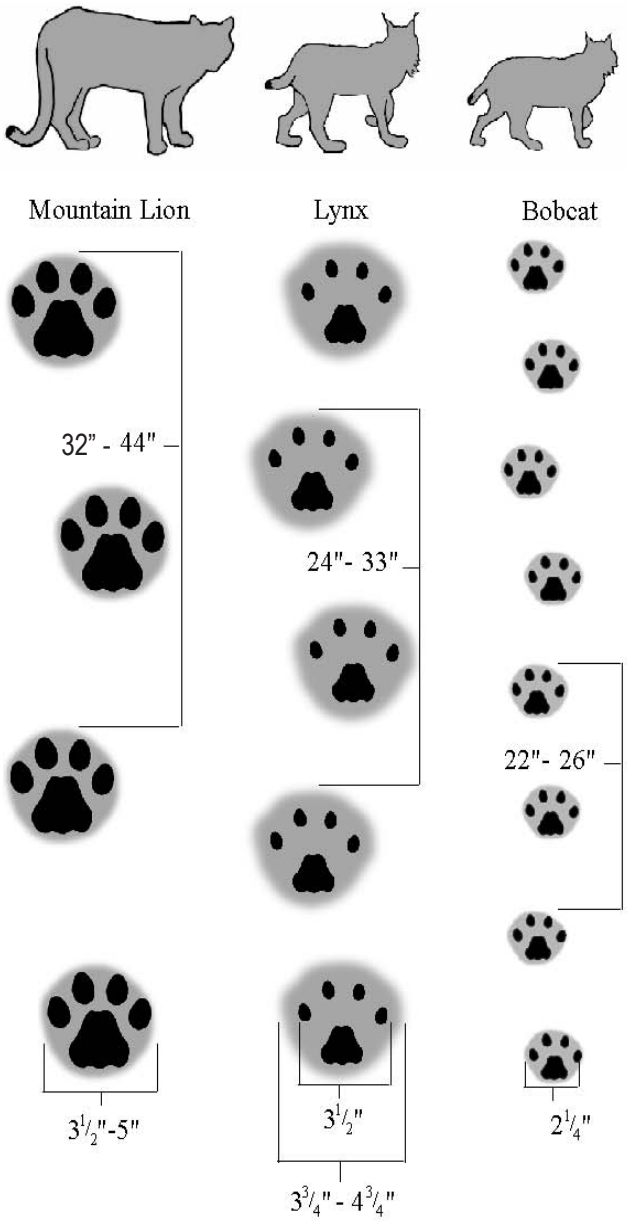
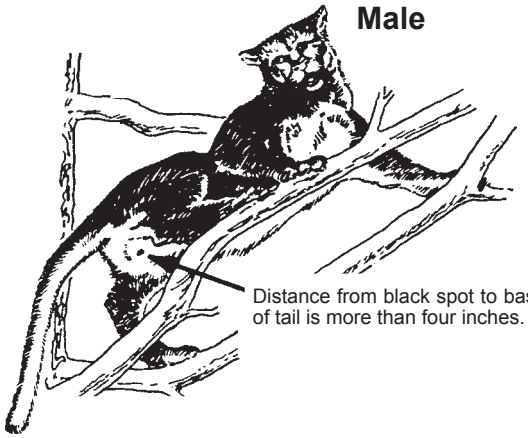
Cat Identification



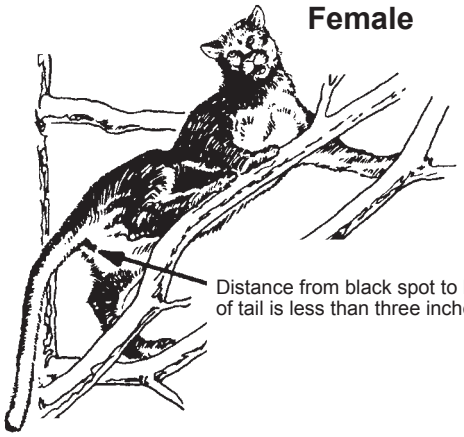
- Note differences in tail length of mountain lion and black markings on tip of lynx and bobcat tails.
- Lynx ear tufts are longer than bobcat ear tufts.
- Mountain lion and lynx foot sizes are similar; bobcat is much smaller.
- Tracks are shown with shaded area representing impression of hair in the snow.
- Note track size and stride length differences between species.

Sex Determination of Mountain Lion

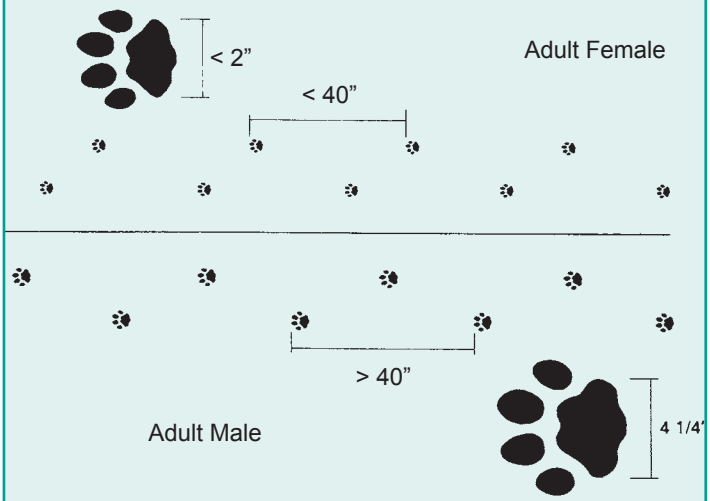
Male adult and subadult lions have a conspicuous black spot, about one inch diameter, surrounding the opening to the penis sheath behind the hind legs and about four to five inches below the base of the tail.



Female adult and subadult lions may have black fur surrounding the vulva and located about three inches or less from the base of the tail.



Pad Width & Stride Length - potential indicators of sex



2010 Sunrise-Sunset Tables For Determining Hunting Hours

These tables, including adjustments for daylight savings time, are the official sunrise-sunset tables adopted by the Montana Fish, Wildlife & Parks Commission for hunting in Montana. Authorized hunting hours for the taking of mountain lion begin one-half hour before sunrise and end one-half hour after sunset each day of the hunting season. **(Do not utilize from other sources)**.

Together, we can stop poachers.

It's time to say Enough is Enough!

Year-round and statewide, poachers are taking Montana's biggest and best game animals. Poaching is illegal. And it robs law-abiding hunters of hunting opportunities.

FWP game wardens have broken major poaching rings recently. TIP-MONT callers have increased the effectiveness of our warden's ability to protect Montana's resources. With your help, we can reduce poaching.
